4	To Confirm Minutes of the last Parish Council Meeting that took place on 26 July 2018. It was resolved the minutes be accepted as a true record.
5	<p>Public Forum</p> <p>Martin Seymour reported on various matters as follows:</p> <p>Neighbourhood Development Plan: In response to Significant Environmental Assessment draft consultation report by LEPUS the NDP Steering Group had sent comments which were not responded to for 3 weeks. LEPUS are at least 7 weeks behind their timetable which will significantly delay the process. This has led to considerable consternation in the group and they have sought the support of Stratford District Council in pushing LEPUS to revise their timetable which they have done with a report date of 23 November. This being the case the draft NDP will be amended in line with the Section 14 Consultation with any further changes necessitated being made following receipt of the SEA. In addition, LEPUS have sent a list of actions which the Steering Group will address.</p> <p>Stratford District Council Land Search. The NDP Steering Group have reviewed and drafted comments on the section of SDC's consultation report that relates to Ilmington and note that no mention is made of surface water flooding and it is suggested that this be included and there are factual errors, eg incorrect mapping of footpaths. Mr Seymour asked that the Parish Council use the Steering Groups comments as its submission in respect of the consultation and it was resolved that this be agreed and actioned – Cllr Hawkins abstained from voting.</p> <p>National Planning Policy Framework: A new framework has been developed and this requires some changes to the referencing within the NDP which is being undertaken. Mr Seymour recommended that the Parish Council use the NPPF as a reference document when considering planning applications.</p> <p>Cllr Osborne thanked Mr Seymour for his attendance and the work of the Steering Group.</p>
